### Editorial

Above all else I express genuine thankfulness to all authors and reviewers of the Critical Care Obstetrics and Gynecology (IPCCOG) in the interest of the whole publication board and the publisher. It was with the negligible co-activity, excitement, and soul of the authors and reviewers we could make IPCCOG a fantastic achievement. Authors have been a genuine inspiration and key in setting up IPCCOG among one of the best journal for publication in the subject of Critical Care Obstetrics and Gynecology. I express gratitude toward them all in considering and trusting IPCCOG as the stage for publishing their significant work. I additionally thank all authors for their caring co-activity stretched out during the different phases of processing of the articles in IPCCOG.

For the achievement of any journal, reviewers are a fundamental part and subsequently they merit earnest appreciation. IPCCOG depends on the endeavours and kindness of the reviewers on evaluating the propriety of an article for publication in IPCCOG. I might want to thank our peer-reviewers who set aside the effort to submit great contributions to Critical Care Obstetrics and Gynecology. The contributions of reviewers are oftentimes utilized in improving the nature of a submitted manuscript. The evaluating of a manuscript is exceptionally fundamental to guarantee the quality of the article published in any journal. I thank all reviewers for their amazing commitments.

We know how much time and exertion goes into composing a decent review, and we profoundly esteem the contribution of reviewers who volunteer their time and mastery to give basic input that guarantees the high calibre of research published in each issue of the journal. I value our reviewers for taking the time and exertion important to give keen direction, and we attempt to show our gratefulness to our reviewers.
